Although this issue of the Annual Security and Fire Safety Report is being published for the 2021-2022 Academic Year, the calendar year for which criminal activity is being reported is 2020.

A MESSAGE FROM PRESIDENT McCULLOUGH

Florida State University prides itself on providing a warm and welcoming environment in which to live, learn, work and visit. The university administration and the FSU Police Department strive to make your FSU experience as pleasant, productive and safe as possible. In fact, the safety of our students, faculty, staff and visitors is our top priority.

This annual report includes a wealth of information about programs, services and resources, and I encourage you to read it thoroughly and do your part to help prevent crime and protect yourself and others. Working together, we can reduce safety risks and continue to foster an environment in which everyone feels safe and secure.

A MESSAGE FROM INTERIM CHIEF OF POLICE JUSTIN MALOY

The Florida State University Police Department (FSUPD) is committed to providing Florida State University with a safe environment conducive to the goals of education and research. Although reported crime at Florida State is relatively low, it is important for students to remember that we are not immune from crime or criminal activity. Therefore, we share many of the crime and safety issues that exist in any city. In partnership with the community, we work to prevent crime and solve problems that affect students, faculty, and staff. The safety and security of the University is the combined responsibility of the entire Florida State University community. We remind all our campus community partners that if you See Something, Say Something and report the incident to police immediately.

To maintain an effective working relationship with the community and to respond to its needs, the FSUPD is organized into four twelve-hour shifts that work 24 hours a day, seven days a week. Officers conduct visible patrols, respond to reports of crimes, address problems, and provide information and resources to the community. This information, which includes many practices, procedures, and safety tips for keeping you safe at FSU, are delivered in several ways. It is published annually in the Annual Safety Report, which appears on the website (police.fsu.edu), and is discussed in safety talks that are conducted by police officers at student orientations, new employee orientations, and other training events. Community members interested in arranging a safety talk should contact the department for scheduling.

I encourage all students, faculty, staff and visitors to be aware of the safety related resources offered from the department and innovative equipment being utilized daily. Our officers and staff are committed to initiating and maintaining close ties with the community. Feel free to stop by our headquarters at the corner of Jefferson Street and Woodward Avenue in W.A. Tanner Hall to ask any questions about security issues that are important to you. Also, by taking the time to familiarize yourself with our resources and by using the information provided on our website, you will be helping us to help you in the pursuit of a safe campus. Feel free to contact me with questions or suggestions.
PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The Florida State University Police Department prepares and publishes this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, formerly the Crime Awareness and Campus Security Act of 1990. Information and statistics are compiled from information maintained by the FSU Police Department, information provided by other University officials such as Student Affairs, Residence Life, Office of Student Conduct and Community Standards, Campus Security Authorities, and information provided by other law enforcement agencies.

This report provides statistics for the previous three years of select reported crimes that occurred on campus, in certain off-campus buildings or property owned, leased or controlled by the Florida State University. This report also includes security policies and procedures and information on the basic rights guaranteed victims of sexual assault.

This report is provided to you as part of the Florida State University’s commitment to safety and security on campus. It contains information on a variety of security services and programs available to you as members of the university community and is intended to inform the University community of Florida State’s safety programs and security procedures. This publication is designed to provide an overview of the FSU Police Department, as well as information regarding other safety and security measures that have been instituted at the Florida State University.

The University distributes a notice of the availability of this Annual Security Report by October 1 of each year. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the FSU Police Department at (850) 644-1234 or by visiting police.fsu.edu.

THIS PUBLICATION IS AVAILABLE IN ALTERNATE FORMAT UPON REQUEST

Contact the Office of Accessibility Services at the 874 Traditions Way, 108 Student Services Building, Phone: (Voice) (850) 644-9566, (TDD): (850) 644-8504.

This publication is required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. It has been produced under the direction of the Vice Presidents of Finance and Administration and Student Affairs, and through the efforts of the Florida State University Police Department. This document is intended to inform the University community of Florida State University’s safety programs and security procedures.
The FSU Police Department is a fully commissioned, professional force of police officers. This was validated on May 22, 2002, when the Department was awarded accreditation status by the Commission on Florida Law Enforcement Accreditation (CFA). The Department has been re-accredited in 2005, 2008, 2011, 2014, 2017 and again in 2020. In 2017 and again in 2020, the Department received Excelsior Recognition, the highest level of achievement in the Florida Accreditation program. This accreditation signifies that the FSU Police Department meets or exceeds the highest professional standards set for law enforcement agencies, sworn officers, and non-sworn support personnel. FSU police officers are trained and certified the same as county and municipal officers in the state of Florida. Additionally, all newly hired officers are required to complete a sixteen-week field training program in order to apply law enforcement skills within the Florida State University environment. Consequently, FSU police officers are prepared to provide a full range of law enforcement services in an environment that requires additional care and understanding of the uniqueness of an educational community. The officers are authorized to carry firearms and make arrests on property controlled by the FSU Board of Trustees. In 2009, legislation was passed authorizing the FSUPD to enforce laws within 1000 feet of any campus owned property. In addition to this, the FSUPD has a written mutual aid agreement with both the Tallahassee Police Department and the Leon County Sheriff’s Office. These agreements also extend extra-jurisdictional authority to the FSU Police Department in other parts of the city in order to carry out investigations and perform other duties. The Department uses uniformed officers to patrol the campus 24 hours per day—on foot, in automobiles, on motorcycles, all-terrain vehicles and on bicycles. Using a well-established cooperative relationship with local law enforcement, area agencies regularly report to the FSUPD students and organizations that have engaged in criminal activity at off campus locations.
REPORTING CRIMES AND OTHER EMERGENCIES

Reporting to Police
We encourage all members of the University community to report all crimes and other emergencies to the FSU Police Department immediately. If you are a witness or victim of crime, it is important to report the crime so you can get help and support. Also, by telling the police what you know, you may help them solve this and other crimes or prevent others from becoming victims in the future. You should talk to the police if you know about a crime that has been committed or might be committed, someone who was involved in committing a crime, someone who has threatened you or another person or threatened to commit a crime, about any other activities you think may be criminal. Crimes which occur on university property should be reported to the FSU Police Department. Often it is difficult to determine if the location you are at or where a crime occurred was university property or not. If you are certain the location was campus, call the FSUPD. If you are certain the location is off campus call the Tallahassee Police Department or the Leon County Sherriff’s Office. If you are in doubt or circumstances require immediate police intervention, call 911 or any local agency, and responding officers will respond to you and make jurisdiction determinations after everyone is safe.

In addition to the numerous reporting channels discussed within this publication—the FSU Police Department, other law enforcement agencies, and on campus officials—you may also submit an anonymous report of suspected criminal activity to the FSU Police Department through the Silent Witness program accessed at police.fsu.edu/report-crime/silent-witness-crime-report. For the purposes of ensuring that accurate and up-to-date crime and safety information is reported to all University constituencies, the University Police Department works closely with the following campus departments—not only to obtain pertinent information—but, moreover, to ensure campus entities can direct inquiries about campus crime safety to the appropriate distribution point. These other University departments include but are not limited to: the Department of Student Support and Transitions, Office of the Dean of Graduate Studies, Office of Student Conduct and Community Standards, University Health Services, University Housing, and Office of the Title IX Director.

We encourage University community members to report crimes promptly and to participate in and support crime prevention efforts. The University will be much safer when all community members participate in safety and security initiatives.

Safety and security at Florida State University are the responsibility of every employee and student on campus.

Immediately report suspicious persons, incidents, and unsafe conditions by calling the FSUPD at (850) 644-1234. If an emergency occurs, dial 911. Remaining observant and aware of your surroundings will help ensure FSU stays a safe place to learn, teach, and work. For more information on FSU Alerts please visit: alerts.fsu.edu.

Reporting to Other Campus Security Authorities
While the University prefers that community members promptly report all crimes and other emergencies directly to the FSUPD, we recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain University officials and offices as “Campus Security Authorities (CSA).” The act defines these individuals as “officials of an institution who have significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, campus judicial proceedings, health services, Title IX and athletics. CSAs are responsible for reporting crimes to the FSU Police Department, including crimes where the victim chooses to remain anonymous. Reports filed with CSAs are counted and disclosed in the Annual Security Report.

Voluntary, Confidential Reporting
If you are the victim of a crime and do not wish to pursue action within the University or criminal justice system, we encourage you to make a confidential report to the FSU Victim Advocate Program, medical staff at the FSU Health and Wellness Center, mental health counselors (such as Counseling and Psychological Services and Employee Assistance Program), or pastoral counselors. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety, the safety of others and provide resources. The confidential reports allow the University to compile accurate records on the number and types of incidents occurring on campus. Confidential reports filed in this manner with the FSU Victim Program and University Health Services are counted and disclosed in the Annual Security Report. Confidential reports made to professional counselors or pastoral counselors are not disclosed in the Annual Security Report.

Anonymous Reporting
The Florida State University Police Department take anonymous crime reports through the Silent Witness program accessed at police.fsu.edu/report-crime/silent-witness-crime-report.

To report hazing activity, visit hazing.fsu.edu or email reporthazing@fsu.edu.
University Police are part of the county-wide “Enhanced 9-1-1” system and automatically receive calls related to campus. The system ensures that the correct emergency responder—police, medical or fire—is directed to the right place in the shortest amount of time. Since telephone numbers appear on the police computer screen, callers who are either too young or too incapacitated to give their number or location can still receive emergency assistance. Certified police service technicians are on line 24 hours a day.

Blue Light Phones
If you are out and about on campus and need help—look for a “blue light.” The blue light identifies the location of an emergency telephone. Simply press the Emergency phone button (no dialing is necessary) to be connected directly to FSU Police Department emergency dispatcher. Note the location of the blue light telephones as you move about the campus. You may never need to use one but be aware of their location.

Elevator Telephones
Emergency telephones are in the elevators in academic and residential campus buildings. Simply lift the receiver or press the button to be connected to University Police.

Emergency Pull Stations
Pull stations are alarms located throughout the University Student Union and in numerous academic buildings. To summon help, you need only pull the handle to activate alarms, both locally and in the police station. Personal Safety Alarms are blue in color; Fire Alarm pull stations are red. Remember, false alarms can result in formal criminal charges and prosecution.

SECURITY OF AND ACCESS TO FACILITIES

University Facilities
The Florida State University is a public university, and except for residence halls, is open to the public during normal business hours. Academic buildings are open during the evening hours when classes are in session. Many events held in university facilities are open to the public. Access to academic and administrative facilities on campus is generally limited to students, employees, and visitors for the purpose of work, teaching, and conducting other university business. Access to most buildings is controlled by card access after normal business hours and the buildings have varied levels of access. Access to the libraries requires the presentation of an official state or university identification card or a passport. Any FSU student, faculty and staff with an active FSUCard can enter the libraries at the turnstiles by swiping their FSUCard. Family members, friends and other visitors must stop at the Guest Services desk and obtain a Guest Card prior to entry. FSUPD Officers and Security personnel patrol campus facilities on a regular basis. For information about the access protocol for a specific building, see the department head or contact FSUPD at (850) 644-1234.

FSU Facilities maintains university buildings and grounds with concern for the safety and security of all persons and property. Inspections are routinely conducted, and repairs are promptly made to ensure that appropriate safety and security standards are maintained.

The FSU Police Department assists Facilities personnel by conducting campus lighting surveys and reporting potential safety and security hazards. Students, faculty and staff are encouraged to call FSU Facilities to report any safety or security hazards at (850) 644-2424.

On-Campus Housing Security
Residence halls and entrances to student living areas are locked at all times. Residence halls can only be accessed through card access by students assigned to that living area. Residence hall students are expected to use provided keys and/or FSUCards to maintain the safety and security of the hall and individual rooms, suites and apartments at all times. Providing keys and/or FSUCards to anyone else (friends, roommates, parents, etc.) is a violation of University policy which would result in a conduct referral. University Housing will only issue keys and FSUCard access to halls based on an individual student's assignment. Students should always be able to produce their key and/or FSUCard. Inability to do so may result in a lock change at the student's expense. This action is necessary for staff to ensure the safety and security of the hall, room, suite or apartment, both on behalf of the student and community.

Security upgrades to facilities are reviewed on a continuing basis and changes are adopted whenever necessary to improve safety measures. Keys to facilities are regularly inventoried and a key control policy is in place. Cameras provide surveillance of all entrance doors in each residence hall.

All residence hall staff members monitor both internal and external security at all residence halls. Live-in residence hall staff members are trained and respond to safety and security concerns and to provide support and appropriate referrals to any victim of a crime. Live-in staff includes Resident Assistants, Assistant Coordinators, and Residence Coordinators.

Police service is provided 24 hours a day, seven days a week. FSUPD can be reached at (850) 644-1234. If you are looking for assistance in your hall, call the front desk. Each residential area has a front desk that is staffed 24 hours a day. The Florida State University Police Department also provides liaisons, also known as Adopt-A-C.O.P.P.s, to the residence hall community. These officers participate in staff functions and spend extra time in the halls doing security rounds and interacting with students.
Florida State University Policy establishes the emergency notification and warning program at Florida State University. This program is commonly referred to as the “FSU ALERT” Emergency Notification System. The FSU Alert Emergency Notification and Warning Plan & Policy is publicly available at: emergency.fsu.edu/services/FSUAalert.

The objective of the emergency notification and warning system, FSU ALERT, is to provide timely notification and warning to all students, faculty, staff, and visitors of Florida State University of a threat, occurring or imminent, that poses an immediate threat to their health, safety, or general welfare while on property owned or controlled by the university.

The University has procedures to implement the Policy and Plan. Collectively, the Policy, Plan, and Procedures provide a mechanism for the University to, without unnecessary delay, confirm an emergency or dangerous situation, take into account the safety of the campus community, and initiate appropriate notification and warning, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

The Policy, Plan, and Procedure include processes by which University officials will confirm that there is a significant emergency, determine who to notify, determine the content of the notification, and initiate the notification system.

The Policy, Plan, and Procedures specify the roles and responsibilities of persons or organizations on campus responsible for carrying out this process.

Florida State University – University Relations and its subsidiaries maintain procedures for disseminating subsequent incident related information to the larger community once the immediate threat to life safety has passed.

As of the time of this report, the FSU ALERT emergency notification system employs numerous methods of emergency information delivery. The delivery methods are split into three categories: Primary, Secondary, and Tertiary. The university is continuously upgrading and enhancing this system with new technologies and expanded coverage.

Florida State University utilizes a specialized system to link several types of notification services and methods into a centralized activation process called FSU ALERT EZ (a.k.a. the easy button). This system allows for the activation of select primary and secondary delivery methods simultaneously with the press of a single button, and results in delivery to approximately 60,000 recipients.

**Notification Methods:**

**Primary Notification/Delivery Methods**

**Enrolling in the University’s Mass Notification System FSUAlert**

All faculty, staff and students with an active fsu.edu e-mail automatically have their fsu.edu e-mail enrolled in the system. They are encouraged to visit emergency.fsu.edu/services/fsu-alert-emergency-notification-warning-system/fsu-alert-sms-text-messages to learn how to add phone numbers to receive SMS text messages directly from FSU ALERT! Members of the larger community are encouraged to follow FSU ALERT! on Twitter, Facebook, our FSU ALERT webpage, (alerts.fsu.edu) and download the SeminoleSAFE App.

**Test of the Emergency Notification and Warning System (FSU Alert)**

The Clery Act requires that the university conduct at least one test of its emergency notification system each year. The university conducts a test at least once a semester, whereby the University will send a coordinated test message through the campus-wide systems — FSU ALERTS webpage, text messaging, e-mail, SeminoleSAFE App Push notification, Indoor/Outdoor Sirens, and Alertus Beacons and Desktops. These tests will evaluate emergency notification procedures and performance of the various systems. In connection with these tests, the university will publicize the emergency response and evacuation procedures to the campus community. Information on the University’s emergency response and evacuation procedures available on the FSU Emergency Management website at emergency.fsu.edu/resources/CEMP. Records of each test will be maintained by Emergency Management and include a description of the test, date and time of the test, and whether the test was announced or unannounced. Additionally, drills are regularly conducted by the university police to test procedural operations and functionality of the notification systems.
TIMELY WARNINGS AND CRIME BULLETINS

Timely Warning
In the event a selected Clery crime occurs or other dangerous situation arises, either on or off campus, that, in the judgment of the Chief of the FSU Police or designee, may pose a serious or continuing threat to members of the community, a campus wide “Timely Warning” will be issued.

Depending on the circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, a timely warning will be issued through any one of the notification methods listed on the previous page.

Crime Bulletins
If there is not an immediate threat to the community and individuals, the Florida State University Police Department may still issue a “Crime Bulletin” at the appropriate time with regards to the incident and subsequent investigation to the campus community. Generally, these are situations where the incident is not exigent in nature and/or due to investigation a delay in releasing information is merited and does not compromise the safety of the campus community. Crime Bulletins are normally distributed to students, faculty and staff via campus wide e-mail and other methods listed above.

CRIME PREVENTION INFORMATION

Protect Your Property
- Use a “discus” style padlock (not the “master lock” type) on all storage units. Check the unit periodically to make sure nothing has been disturbed.
- Don’t lend your keys. Keys can be duplicated.
- Don’t mark your key chain with your name, address or license number. Lost keys can lead to theft.
- Engrave or mark all valuable personal property with your name and driver’s license number. Keep an inventory of items.
- Move valuable items out of easy sight of windows and doors.
- Always lock your vehicle.
- Copy all important papers and cards that you carry in your purse or wallet, including your driver’s license. Keep the copies in a safe place—the information will be invaluable if they are stolen or lost.
- Copy your vehicle ID and tag number. If your vehicle is stolen, it cannot be entered into the nationwide law enforcement network without this information.

In Your Car
- Check the back seat before entering.
- Always keep your vehicle doors locked, even when driving in daylight, so no one can jump in at a red light.
- Keep enough gas in your tank for emergencies. Don’t offer rides to anyone you do not know, even if he or she claims to be a student.
- Honk your horn—a good deterrent—if someone suspicious approaches your vehicle. Criminals don’t like attention.
- Lift the hood, put on the flashers, and wait inside for help with the doors locked if your car breaks down. Ask people who stop to call the police or AAA for you. Don’t accept a ride with anyone you do not know.

At Home
- Always keep doors locked, even if you are only away for a few moments. Do not “prop open” doors in the residence halls.
- Be assertive and demand that any unwanted person in your residence leave or leave yourself. Anyone who refuses to leave is a trespasser. If you live in a residence hall, call FSUPD.
- Make sure hallways, entrances, garages, and grounds are well-lit. Leave porch lights on all night. When you expect to return after dark, leave an interior light on with shades drawn. If you live on campus, report any malfunctioning light.
- Know who is at your door before you open it. Campus staff should carry identification, and no solicitors are allowed on campus. If you live off campus, install a peephole in your front door.
- Make calls for strangers who want to use your phone. Don’t open your door or let them in.
- List initials and last name only on your mailbox or door and in the telephone book.
- Get to know your neighbors. If you live off campus, join a neighborhood watch system and share information on suspicious circumstances.

Away from Home
- Walk or jog with a friend. Avoid jogging after dark. If you must, stay in well-lit areas; walk midway between curbs and buildings and away from alleys and bushes.
Don't stop for stranded motorists. You are of greater help to them by calling the police.

Tell someone where you are going and when you will return.

Don't fight back if your purse or wallet is snatched. Turn it over to the thief rather than risk personal injury and call the police immediately.

Be careful about when and where you patronize Automatic Teller Machines (ATM). Accessing ATM cash in remote locations, particularly after nightfall, could expose you to risk of robbery and personal injury.

Avoid working or studying alone in a public-access building at night.

If you have a disability

Be on the defensive; use SAFE Connection at night (850) 644-SAFE.

Use reflective tape on wheelchairs or other mobility aids.

Report any hazardous conditions to Office of Accessibility Services at (850) 644-9566 (Voice or TDD).

Use designated sidewalks. If you have a visual impairment, be sure to get thorough orientation. If unsure about hazards, please ask. Remember to use your cane properly.

Play it Safe

Cyclists are reminded that in Florida, a bicycle is legally defined as a vehicle. Bicyclists have the same rights to the roadways and must obey the same traffic laws as other vehicles. At FSU, cyclists may legally ride on sidewalks, if pedestrians are given the right of way and that an audible signal is given before overtaking and passing pedestrians. Wear a helmet when riding—nearly 75% of all bicycle related deaths are the result of head injuries. A bicycle operated between sunset and sunrise must be equipped with a lamp and both a red reflector and a lamp on the rear exhibiting a red light visible from 600 feet to the rear. Observe all traffic laws that you would observe in a motor vehicle. Bicycles may not be parked where they impede pedestrian or vehicular traffic. Do not park bikes on railings, stairwells, or handicap access ramps.

Residence Hall Safety

Residence hall exterior doors are locked at all times. To gain admittance, visitors must call the main office using the telephone at the main entrance of each hall. Visitors are then met at the entrance by their student-host. Students are urged not to allow entrance to anyone who is not their guest. Visitors are always to be escorted by their student-host, who is responsible for their actions and behavior. University Housing staff gives high priority to the security of residents. Resident Assistants receive training in safeguarding security and monitor building safety measures on an ongoing basis.

Student staff who work in the residence hall make periodic checks of floors and exterior doors, and report security-related matters to Facilities staff or to the police.

Each semester, campus police and Housing staff jointly present safety programs to all residents. In addition, fire evacuation drills are conducted in every hall each semester. Fireworks, explosives, weapons, and flammable liquids are strictly prohibited in the residence halls, as are all devices using an open flame or open heating element. Falsely activating or tampering with fire safety equipment violates state law and creates dangers for the entire residential community in the case of real fire or emergency.

Individual FSU police officers are assigned to specific residence halls through the Adopt-A-COPP Program. This community-based policing enables students and police to become personally acquainted. The assigned officer keeps in touch with students and residence hall staff and informs them of physical safety and security concerns. For a review of all residence hall procedures, please refer to the Guide to Residence Living, available at this link: housing.fsu.edu/_documents/Guide-to-Residence-Living.pdf

In an elevator

Press the alarm button if the elevator becomes impaired while in operation. Police will respond as quickly as possible. Remain inside until help arrives. Only trained elevator personnel are authorized to remove trapped occupants. No one else should attempt to release them or to force elevator doors open.

International Programs

The Florida State University conducts international study programs in several countries throughout the Globe. In addition to information provided in this Safety Guide, the four main international study centers in Florence Italy, London England, Valencia Spain and Panama, Republic of Panama publish their own safety guides with country specific information for students. The four guides can be accessed at international.fsu.edu/Alerts.aspx under the Health & Safety, University Policies & Resources tabs.

Additional information is available at FSU International Programs Office at A5500 University Center, Florida State University, Tallahassee, FL 32306-2420, or by contacting FSU International Programs at (850) 644-3272 or (800) 374-8581.

Protect Yourself from Identity Theft

Identity theft is one of the fastest growing and most personally devastating crimes in the country. What, exactly, is identity theft? It is the theft of your good name and credit that occurs when a criminal co-opts your name, Social Security number, credit card number or some other piece of personal information. Once “armed” with this information, identity thieves can open new credit and bank accounts, obtain cellular phone service, or even file a fraudulent tax return—all without your knowledge! You may not know this has
happened for months—until you start getting bills about which you know nothing! Here are some tips to help prevent this type of theft:

**Safety Planning**  
Members of the Department of Student Support and Transitions and University Housing staff, along with students from Greek organizations, Inter-Residence Hall Council, Student Government Association, and FSU Police are working continuously to plan for student events and to promote safety awareness.

**Campus Security Advisor, Student Government Association**  
College students are the most commonly victimized and yet are the most apathetic about safety concerns. To promote students’ safety through awareness and security programs, each year a student is appointed to serve as a liaison between law enforcement agencies and the Student Government Association.

**Student Conduct and Community Standards**  
The department of Student Conduct and Community Standards (SCCS) is a component of the Health, Wellness and Safety portfolio of the Division of Student Affairs. The department promotes responsible decision-making that fosters student-centered learning and accountability in alignment with community values and expectations. The staff assist students in upholding community standards as the office addresses allegations involving students who may have violated the Student and/or Student Organization Conduct Codes. Through the conduct process, students or student organization charged with alleged violations of the Code(s) are informed of their rights, given an opportunity to be heard and if found responsible, held accountable for their behavior. Behavior that adversely affects the university community, to included off campus behavior, is addressed through SCCS. For information, visit sccs.fsu.edu or call (850) 644-5136.

Advocates offer emotional support practical assistance (such as contacting professors when requested), and necessary referrals (to counseling, legal aid, medical attention, etc.). Whenever possible, the University will assist student victims in rearranging class schedules and room assignments if requested. The goal of the program is to help students cope with their victimization and continue to have a rewarding college experience. Advocates can be contacted 24/7 by calling (850) 644-7161 or texting (850) 756-4320. VAP can also be contacted by emailing victims-advocate@fsu.edu.

DAARRT (Drugs and Alcohol Assisted Rape Reduction Team)
DAARRT is a community partnership between FSU and other organizations created to promote and administer a program targeting alcohol and drug use specifically for the purpose of reducing sexual assaults.

Adopt-A-Community Oriented Policing Program
The Florida State University Police Department recognizes that in order to reduce the impact of crime on the campus, it is necessary to build rapport with students, particularly those in residence halls. Through close contact with campus residents in a non-confrontational atmosphere, crime prevention concepts and interactions with law enforcement officers are greatly enhanced. Officers, through their efforts in community policing within residence halls, have become more approachable to residents. This approachability enhances lines of communication between the police and students, thereby facilitating the exchange of information and person-to-person relationships.

In addition, with a noticeable and welcomed police presence in residence halls, the fear of crime can be diminished, while constructive crime prevention measures can be affected. Through intelligence gathered by officers participating in the program, patrol effectiveness and efficiency are further enhanced, particularly regarding any potential activity that might occur in residence halls.

The Adopt-A-C.O.P.P. officers act as liaisons between the University Police Department and University Housing. Each residence hall community has its own Adopt-A-C.O.P.P. officer. In addition, several other universities within the State University System have adopted a similar program modeled after ours.

Visit police.fsu.edu/organization/christianity-prevention-outreach/adopt-copp for more information.

Greek-C.O.P.P.
The Greek C.O.P.P. is a Community Policing Program focused on FSU Greek Organizations. The program was founded with the idea of fostering a mentor style relationship between FSU Police Department and our Greek Community family. Our relationship is comprised of regular meetings between Greek Life Risk Managers and Greek C.O.P.P. Officers to discuss current issues. These issues range from Florida State Laws to Florida State University Policies. The Greek C.O.P.P. Officer relationship has developed further by participating in pre-party walk-throughs. These party walk-through's focus on creating a safe party environment as well as further fostering the relationship in a mentor style setting. The relationship has blossomed, and we now participate in risk management presentations for the entire Greek Life Family.

Operation ID
Campus police work with the staff in each residence hall to assist students with the engraving of their identification number on personal property and bikes. Serial numbers are recorded, aiding in the recovery of stolen articles.

Physical Security Analysis
Campus police officers, who are state-certified crime prevention practitioners, regularly visit residence halls and other multiple-living units to inspect lighting, shrubbery and all entry points. Officers review security procedures followed up by making recommendations to appropriate administrators. These officers also conduct security surveys at campus academic facilities as well, making crime prevention suggestions to department heads and persons responsible for building operations.

Physical Plant Consulting Program
During the planning and construction phases of new and renovated buildings, police experts consult with architects and engineers to ensure that the structural design offers the greatest degree of deterrence to crime.

Citizen’s Police Academy
The Citizen’s Police Academy is a seven-week program where community members can learn about FSUPD from the inside. The CrimeReports network offers a family of affordable, easy-to-use software tools for law enforcement agencies to understand crime trends and share current neighborhood crime data with the public. Community members can access the integrated crime map and receive email crime alerts for free at CrimeReports.com, empowering them to make informed decisions to help improve the safety of their neighborhood and community. To view the Florida State University Campus, enter in the location bar: 830 W. Jefferson Street, Tallahassee, FL.

Alcohol & Drugs
Florida State University has established standards of conduct concerning the possession, sale, serving, and consumption of alcoholic beverages and drugs on the Florida State campus. These policies and rules reflect a concern for the health and safety of the campus community and apply to University faculty, students, staff, visitors, and guests. State of Florida statutes declare that it is unlawful for any person under 21 years of age to possess or consume alcoholic beverages. Consequently, no one under the legal drinking age may consume, distribute or possess alcohol on University properties or as part of any University activity. It is unlawful to sell, give, serve, or permit alcoholic beverages to be served to anyone under 21 years of age. Furthermore, servers can be held civilly liable for damage caused by underage drinkers to whom they provided alcoholic beverages.

It is unlawful to be under the influence of, use, possess, distribute, sell, offer, or agree to sell, or represent to sell narcotics, hallucinogens, dangerous drugs, or controlled substances, except as where permitted by prescription or law. The FSU Police Department aggressively enforces Florida’s impaired driving laws. Never drink and drive. Violations of these laws are dealt with both through the criminal courts and through the Office of Student Conduct and Community Standards. Students found liable are subject not only to criminal prosecution but to administrative sanctions, including permanent expulsion from the University.

Note: The Florida State University Student Handbook and the Schedule of Classes should be consulted for further information.

Referrals to local programs, including counseling services, AA, ACOA, NA, and Al-anon groups are also offered. The "Healthy Noles" Peer Health Educator Program (phone (850) 644-8871), is a volunteer student organization that provides peer education through involvement with special projects, such as Alcohol Awareness Week, Safe Spring Break, and presentations to classes, residence halls, and student organizations. The University Health Services web page contains valuable information on their services (uhs.fsu.edu). Students may also seek treatment for substance abuse problems at Counseling and Psychological Services, (850) 644-TALK (8255), located within the Student Life Building. The FSU Marriage and Family Therapy Clinic, (850) 644-1588, provides referrals, limited treatments, and evaluations for alcohol and substance abuse.

SEXUAL MISCONDUCT, SEXUAL/GENDER BASED VIOLENCE
Sexual misconduct is an umbrella term used to refer to a broad range of sexually inappropriate behaviors prohibited by Florida State University Policy. Sexual Misconduct includes all forms of non-consensual sexual activity and unwelcome sexual conduct including sex discrimination; sexual violence (rape, sexual battery/sexual assault); sexual harassment; relationship violence (domestic violence and dating violence); stalking, and other forms for sexually exploitive behavior.

The Sexual Misconduct and Sex Discrimination Policy can be found at: policies.fsu.edu/sites/g/files/upcbnu486/files/policies/president/FSU%20Policy%202-2.pdf.
For incidents of sexual harassment including sexual assault, domestic violence, dating violence, and stalking that occur on or after August 14, 2020, FSU has adopted a policy that complies with the U.S. Department of Education’s revisions to 34 CFR Part 106, Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance.

The Title IX Compliance Policy can be found at: regulations.fsu.edu/sites/g/files/upcbnu486/files/policies/president/FSU%20Policy%202-2a.pdf.

FSU continues to provide institution-wide programs and services to educate our students and university community on responsible conduct, the meaning of consent, how to properly report cases of sexual misconduct, and how to hold individuals accountable for their behavior. If an individual experiences sexual misconduct, FSU wants to assist them. FSU's policies prohibit retaliation for making complaints of sexual misconduct. Victims of sexual misconduct have rights and options. Please visit knowmore.fsu.edu or titleix.fsu.edu for more information.

Support Services
FSU and the local community provide victim advocacy, medical services, mental health services, counseling services, and assistance with legal matters—free of charge. A comprehensive online list of support services on and off campus is available at: knowmore.fsu.edu. The University will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other services available for victims, both within the institution and community.

Confidential Support on Campus
FSU Victim Advocate Program
Contact VAP 24/7 at (850) 644-7161 (phone) or (850) 756-4320 (text), or non-emergency at victims-advocate@fsu.edu.

FSU Victim Advocates provide support to victims of sexual violence and other crimes. They are available 24 hours a day, 7 days a week. All Victim Advocate Program services are free and confidential. You don’t have to file a police report or University complaint to receive support.

A Victim Advocate can help you by:
• Providing 24-hour crisis counseling and emotional support.
• Going with you to the hospital or other medical appointments.
• Explaining your reporting options and what to expect when you file a criminal report or University complaint.
• Accompanying you to file criminal charges with the police.
• Assisting you in filing a complaint with the University.
• Serving as your advisor or support person during any proceedings or meetings you have with the University to address the situation.

• Assisting you in obtaining a protective injunction, or University no-contact order.
• Assisting you with financial aid questions or concerns.
• Arranging temporary lodging for FSU student victims when an unsafe condition exists, or lodging for parents who come to provide support to the student during the time of crisis.
• Assisting you in requesting academic accommodations (like class changes), transportation changes, or work accommodations to ensure your safety.
• Assisting in filing for victim compensation.
• Referring you to support services on and off campus.

Medical Services & Collection of Evidence
Victims of sexual violence are encouraged to seek medical attention and an evidence collection exam at the Refuge House SAFE Center or Tallahassee Memorial HealthCare emergency room as soon as possible. A Victim Advocate can accompany you to the facility.

Because physical evidence is extremely important in the prosecution of sexual violence and in obtaining a protective order, it is strongly recommended that victims do not eat, drink, use the restroom, change their clothing, or clean their body prior to evidence collection. However, a victim can still choose to have an exam if these activities have occurred.

Victims can seek an evidence collection exam anonymously and do not have to report having the exam to law enforcement or to University administrators. The exam and any associated medical treatment are free. FSU’s Victim Advocates are available 24/7 to accompany victims to the hospital or other medical services.

University Health Services
Even if you decide not to have an evidence collection examination, University Health Services can provide confidential prevention services. The Victim Advocate Program can assist you with getting an appointment within three days.

Reporting Options
You have the right to file a report with the police and with other University Officials at FSU. Reports made to the police and reports made to other University Officials are separate processes, but you can pursue both paths simultaneously. Victim Advocates are available to help you consider reporting options in a confidential setting. As a victim, you have the right to:
• Report the crime to police.
• Receive assistance from an FSU Victim Advocate in reporting the crime to the police.
• Decline to notify the police.
• Report the crime to University officials, whether or not you choose to notify the police.

You may pursue both a criminal investigation with the police and a University sexual misconduct complaint investigation, as different options are available through each process.

Reporting to Police
Call 9-1-1. Your call will automatically be routed to the proper law enforcement agency: University Police on campus, Tallahassee Police in the city, or Leon County Sheriff’s Office in the county.

If you wish to pursue criminal action, you should contact the police as soon as possible and preserve any physical evidence.
• Try to remain calm and alert.
• Stay on the phone with the dispatcher as long as you are needed.
• Do not change your clothing.
• Do not clean your body or your clothes.
• Do not disturb or alter the crime scene.

The preservation of physical evidence may be critical for successful prosecution of the offender.

University Reporting (to FSU Administrators)
There are many ways you can make a university report. You can make a sexual misconduct/gender-based violence complaint to the University by bringing the matter to the attention of any of the following (verbally or in writing):
• University’s Title IX Director: (850) 645-2741;
• University Title IX Deputy Coordinator: (850) 645-1458;
• Department of Student Support and Transitions: (850) 644-2428;
• Equity Diversity, & Inclusion Office : (850) 645-6519;
• Office of Human Resources: (850) 644-6034;
• A student’s school or college dean;
• An employee’s immediate or higher-level supervisor; or
• FSU EthicsPoint Hotline, (the University’s anonymous reporting hotline): (855) 231-7511.

Online Reporting
Students, faculty, and staff may also make an online report through the Office of the Title IX Director at report.fsu.edu. Additionally, anonymous reporting can be made via the EthicsPoint website at: secure.ethicspoint.com/domain/media/en/gui/32441/index.html.

FSU’s Complaint Process
Regardless of to whom the report is made, the Title IX Director (or designee) investigates reports against students and the Department of Student Conduct and Community Standards adjudicates reports against students, while the Equity, Diversion, and Inclusion Office (EDI) handles reports against faculty, staff, contractors, and visitors. In the event of an unknown assailants, the University will still provide support resources to the victim.

• Department of Student Conduct and Community Standards’ complaint procedures are found in the Student Code of Conduct at: sccs.fsu.edu/ or call at (850) 644-5136 for an overview.
• Equity, Diversity and Inclusion Office’s complaint procedures are spelled out in the University’s Equal Opportunity, Non-Discrimination, and Non-Retaliation Policy (policies.vpfa.fsu.edu/policies-and-procedures/faculty-staff/equal-opportunity-and-compliance-eoc#13) or call the EDI at (850) 645-6519 for an overview.

When the University receives a report of sexual misconduct, it will perform a prompt, fair, and impartial investigation using a preponderance of the information standard. If, at the conclusion of the process, the information establishes that it is more likely than not that sexual misconduct/gender-based violence occurred, a violation will be found. Complaint proceedings are conducted by hearing administrators (or applicable Human Resources administrators) who receive annual training. Both the complainant and the respondent have the right to be accompanied to all meetings by an advisor of their choice throughout the process. The complainant and the respondent will receive simultaneous, written notification of the outcome of the process.
Off-Campus Incidents
Even if the sexual misconduct occurred off campus, FSU’s Victim Advocate Program can provide victims with assistance. If the person that harmed you off campus was a member of the FSU Community, you can still make a complaint to the University against the individual. Also, if the effects of sexual misconduct are interfering with your work or educational environment on campus, the University will offer support and assistance. Whether the offense of sexual assault, domestic violence, dating violence, or stalking occurred on or off campus, FSU will provide the victim a written explanation of rights and options.

Sanctions
When an investigation establishes that sexual misconduct/gender-based violence has occurred, FSU will take prompt steps to end the misconduct, prevent its recurrence, and correct the effects on the victims. Disciplinary action will vary based on the severity of the misconduct, but it can include separation from University programs, termination from University employment, or exclusion from campus. As a student, you are subject to University judicial proceedings that may result in permanent expulsion from Florida State University. In addition, for incidents involving a criminal act, the offender is subject to arrest, incarceration, and prosecution through the state courts.

Interim Assistance & Protection Orders
When the victim requests assistance, the University will provide reasonably available interim measures after sexual misconduct and/or while a complaint is being reviewed and investigated to protect the safety of the reporting individuals, and the campus community, and to prevent retaliation. Examples of interim measures include:

- Issuing no contact orders between individuals involved.
- Making temporary accommodations regarding work locations, residence hall assignments, class or work schedules, or transportation; and providing counseling.

The University will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the accommodations or protective measures. A victim does not have to make a police report or a formal University complaint to get reasonably available interim measures, but you do need to let the University know what you need. The Victim Advocate Program can help you request these accommodations.

If a victim wants to pursue an order of protection (protective order or injunction) through the legal system, the FSU Victim Advocate Program can provide information on the process. If an individual violates an order of protection (or comparable protective/restraining order/injunction) on campus, the FSU Police Department will assist with enforcement of the order when they are notified of the situation and the existence of the order is established.

Confidentiality
If you want to discuss sexual misconduct issues on a completely confidential basis, you should speak with confidential counselors at the following on campus offices, who can maintain confidentiality (there are some exceptions to confidentiality, e.g., harm to yourself or others, child abuse, elder abuse or abuse of the disabled):

- The FSU Victim Advocate Program: for all crime victims
- Counseling and Psychological Services: for students
- Employee Assistance Program: for employees

Staff members in those offices are available to help free of charge and can be seen on an emergency basis. To find a confidential counselor off campus, contact the Refuge House at (850) 681-2111 or 211–Big Bend at 211.

Most University employees, including faculty, supervisors, resident assistants, deans, department chairs, academic advisors, and coaches, are required to report sexual misconduct concerns to University Title IX administrators, even if the victim asks them not to. If you aren’t sure whether the person you are talking to can keep your concerns completely confidential, ask them before you discuss your situation with them.

After consulting with a confidential source, you may decide to take no further action or to make a complaint. This is your decision. Because of the confidential nature of the counselor/counselee relationship, seeking advice from a confidential source does not constitute reporting an incident of sexual misconduct or gender-based violence to the University. No personally identifiable information about victims is included when confidential sources engage in required recordkeeping, such as Clery Act reporting and disclosures.

FSU makes every reasonable effort to handle inquiries, complaints, and investigations in a manner that protects the privacy of all parties. While the University cannot promise complete anonymity in its handling of sexual misconduct complaints, each situation is resolved as discreetly as possible, with information shared only with those who need to know to adequately investigate and resolve the matter. FSU will prioritize confidentiality of victims in its record-keeping and will respond to public records request without including identifying information about the victim, to the extent permitted by law.

In limited circumstances, the University may be able to address your concerns and stop the offending behavior without revealing your identity to the alleged perpetrator. However, this is not always possible. Individuals accused of sexual misconduct/gender-based violence are provided with the level of detail about the allegations necessary to allow them a fair opportunity to respond. That level of detail varies
depending on the circumstances of the incident, but usually includes the identity of the reporting individual.

In its investigation, the University will be respectful, sensitive, and fair to the person who reported the misconduct and the person accused. Nevertheless, FSU has a compelling interest to address allegations of sexual misconduct brought to its attention. As a result, the University reserves the right to take appropriate action, even in cases when the victim does not want further action.

Victim Rights When the Accused is a Student
Sexual misconduct/gender-based violence complaints against students will be submitted to the Title IX Office for investigation. When complete, the investigatory report will be referred to the Department of Student Conduct and Community Standards for resolution through the procedures in the Student Code of Conduct. Your rights during this process are:

- To be treated with respect and dignity.
- To be informed of available options for resolution under the Student Code of Conduct.
- To be informed of campus resources and support services, including, but not limited to the Victim Advocate Program.
- To have unrelated past behavior excluded from the hearing unless deemed relevant by the hearing body. Past sexual behavior will only be determined as relevant if used to assess consent of behavior between the complainant and respondent.
- To attend an information session, during which time the reporting individual can view all materials related to the case and receive instruction regarding the disciplinary process and the respondent's and complainant's rights.
- To have an advisor accompany you when presenting information to the hearing body and to any other relevant meetings held throughout the disciplinary process.
- To present evidence including presenting witnesses and/or signed written statements, as well as other relevant reports and documentary evidence.
- To question the charged student and witnesses during the hearing.
- To submit an impact statement to the Office of Student Conduct and Community Standards or University Housing.
- To request to testify in a separate room from the respondent as long as the process does not unduly compromise the respondent's fundamental due process right to question the witness.
- To request to be present throughout the entire hearing, or portions thereof.
- To be notified of the status and outcome of the Student Conduct Code process at the first hearing level and final appeal to the extent that the outcome directly relates to the reporting individual and the notification does not violate the privacy rights of the respondent.
- To appeal any first-level decision, provided that one or more of the reasons for appeal is relevant to the case.

Victim Rights When the Accused is an Employee
Sexual Misconduct complaints against employees are handled by the Office of Equity, Diversity, & Inclusion (EDI). Complaints can be initiated by submitting a detailed verbal or written statement of the incident to the EDI. The EDI's formal complaint form is located at: hr.fsu.edu/sites/g/files/upcbnu2186/files/DiscriminationComplaintForm_fill.pdf.

Your rights during the EDI complaint process are:

- To be treated with respect and dignity.
- To be informed of available options for resolution under the EDI's procedures.
- To be informed of campus resources and support services.
- To request reasonable interim measures to ensure your safety while a complaint is investigated. (The EDI will determine whether the request can be granted after consultation with the Title IX Director or University Counsel, as appropriate.)
- To be accompanied to all meetings by an advisor of your choice. The advisor may not speak for you.
- To submit a written complaint, supporting documents, and other relevant evidence.
- To propose witnesses (the EDI will determine whether or not a proposed witness material and will be interviewed).
- To receive a prompt, thorough, and impartial investigation of your complaint.
- To participate in an intake interview with the EDI and review your interview notes.
- To be kept informed of the status of your case throughout the process upon request.
- To be notified of the outcome of your case in writing.
- To make a written records request to the EDI for a copy of the Investigative Summary of the case, once the case has been closed.

Victim Rights in Criminal Proceedings
Victim rights in the Florida criminal system are explained in Chapter 960 of the Florida Statutes.

Healing
Sexual violence is a traumatic crime with many short- and long-term impacts on emotional, physical, and psychological well-being. Recognize that healing takes time and seek out support and counseling. Victim Advocates at FSU are ready to assist you. Consider joining a therapy group for survivors at Counseling and Psychological Services.
DEFINITIONS

Rape and sexual battery (sexual assault): are all defined under Florida law as the oral, anal, or vaginal penetration by, or union with (touching), the sexual organ of another or the anal or vaginal penetration of another by any other object, without consent.

Consent: Consent to sexual activity must be knowing, intelligent, unambiguous, and voluntary. Consent is active, not passive. This means there must be clear and willing participation, through words or actions, for each sexual act. Submission to sexual activity that is the result of force, coercion, or threats is not valid consent.

1. Consent to one type of sexual activity does not imply consent to other types of sexual contact. There must be consent at every stage of the sexual encounter.
2. Past consent to sexual activity does not imply consent to future sexual activity.
3. Consent can be withdrawn at any time, including in the middle of a sexual encounter, if the withdrawal of consent is clearly indicated by words or actions.

Individuals who are incapacitated by voluntary or involuntary alcohol or drug use (legal, illegal, or prescription); asleep; unconscious; mentally impaired by disease or illness; or under 18 years old cannot give consent to sex (no matter what they say or do). If there is any question regarding whether a person may be incapacitated, do not engage in any type of sexual activity with that person.

Domestic violence: Assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another. It includes hurtful, repeated and intentional behavior that one person uses to maintain power and control over another in an intimate relationship. The behavior can manifest as abuse that is verbal, emotional, psychological, physical, or sexual. Behaviors may include, but are not limited to threats, name-calling, put-downs, isolation, withholding of money, physical harm, and sexual assault.

Stalking: Stalking involves an intentional course of conduct repeated over a period of time. Under Florida law, stalking is willfully, maliciously, and repeatedly following, harassing, or cyberstalking another person. Cyberstalking means to engage in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of electronic mail or electronic communication, directed at a specific person, causing substantial emotional distress to that person and serving no legitimate purpose. Stalking can involve following a person; appearing at the person’s home, class or work; frequently calling, texting, emailing, or electronically chatting; leaving written messages or objects; vandalizing a person’s property.

Complainant: any individual who is alleged to be the victim of conduct that could constitute one or more violation(s) of University policy or a crime. The complainant is the individual who is affected and files a report or formal complaint or on whose behalf a report or formal complaint is filed.

Respondent: an individual who has been reported to be the perpetrator of conduct that could constitute one or more violation(s) of University policy or a crime.

Sexual Harassment
Sexual harassment is a form of discrimination based on a person’s gender. Sexual harassment is contrary to the University’s values and moral standards, which recognize the dignity and worth of each person, as well as a violation of federal and state laws and University rules and policies. Sexual harassment cannot and will not be tolerated by Florida State University, whether by faculty, students, or staff or by others while on property owned by or under the control of the University. The Equity, Diversity and Inclusion Office (EDI) is charged with receiving and investigating sexual harassment complaints as set forth in this policy and shall maintain the records pertaining thereto. For a definition of Sexual Harassment, examples and a full explanation of the policies and procedure assorted with the University’s Sex Discrimination and Sexual Harassment Policy: policies.fsu.edu/sites/g/files/upcbru486/files/policies/president/FSU%20Policy%202-2.pdf

Where to Go for Help
Any member of the university community may report sexual harassment to the Title IX Office, (850) 644-6271 or the Equity, Diversity and Inclusion Office (EDI), 6200 University Center A, (850) 645-6519. Staff is also available in the following offices
to assist victims of sexual harassment: A student victim may report to Department of Student Support and Transitions, 4322 University Center A, (850) 644-2428; a faculty victim may report to the Office of Faculty Development and Advancement, 314 Westcott Building, (850) 644-6876; an A&P, USPS or OPS victim may report to Human Resources, 6200 University Center A, (850) 645-6519. Florida State University’s Equity, Diversity and Inclusion Office (EDI) is responsible for advancing and monitoring the University’s Equal Employment Opportunity (EEO), Affirmative Action (AA), Family Medical Leave Act (FMLA), Americans with Disabilities Act (ADA) policies, procedures, programs and initiatives.

SEXUAL MISCONDUCT, SEX DISCRIMINATION AND UNIVERSITY STUDENT CONDUCT ACTION

The Department of Student Conduct and Community Standards (formerly the Office of Student Rights and Responsibilities), within the Division of Student Affairs, coordinates all student conduct proceedings involving violations of the Student Conduct Code and other University policies, including the Sexual Misconduct and Sex Discrimination Policy.

The University will make every reasonable effort to ensure that the investigation and resolution of a report or Complaint occurs in as timely and efficient a manner as possible. The University’s investigation and resolution of a Complaint (not including an appeal, if applicable) generally will be completed within 180 calendar days of the receipt of the Complaint or investigation report from the Title IX Office, Office of Investigations and Assessment or law enforcement, absent extenuating circumstances. Prior to the case being referred to the Department of Student Conduct and Community Standards, any party may request an extension of any deadline by providing the Director of Title IX, or designee with a written request for an extension that includes reference to the duration of the proposed extension and the basis for the request.

The complainant and respondent will be given adequate notice of a respondent’s alleged violations of the Student (Organization) Conduct Code and be given the opportunity to provide information regarding the behaviors during the resolution process or hearing. Both parties will be permitted to provide an impact statement to be taken into consideration when determining appropriate outcomes in the event that the respondent is found responsible for one or more of the alleged violations.

Procedures

Involved Party Rights

- Parties have the opportunity to review and respond to any information that will be considered in a University disciplinary process.

- Parties may be accompanied by an advisor of their choice throughout the investigation and conduct processes. The party must notify the University in advance of any meeting where their advisor may be in attendance.

- Parties have the right to choose not to answer any or all questions posed to them.

Review and Investigation

Upon receiving a report, the Student Conduct Authority will review and determine appropriate next steps. Interim Health and Safety Actions (IHSA) may be put in place by the Student Conduct Authority to protect the health or safety of individuals involved in an incident or investigation or in circumstances when a student is alleged to have engaged in conduct that poses a substantial risk to the University community or operations. IHSA may be issued in conjunction with, or pending the outcome of, an investigative or adjudicative process of the Student Conduct Code, Student Organization Conduct Code, or Sex Discrimination and Sexual Misconduct policy. Interim Action(s) may include any actions deemed appropriate to mitigate the threat to health, safety, or welfare of the University community or individuals involved in an incident, ranging from interim suspension to restrictions on participation in university-sponsored programs or activities or presence on campus.

A prompt, thorough, and impartial investigation will be conducted by the appropriate department. In cases of Sexual Misconduct and Sex Discrimination where the respondent is a student, this investigation is conducted by the Title IX Office, in other cases the report may be investigated by the Department of Student Conduct and Community Standards, Office of Investigations and Assessment, and/or FSUPD. The complainant and the respondent will be notified of the investigation and be afforded the opportunity to receive information about the process as well as participate in the investigation. Following a threshold analysis as defined in the 2-2 policy (policies.fsu.edu/sites/g/files/upcbnu486/files/policies/president/FSU%20Policy%202-2.pdf), the results of the investigation will be reviewed by the Department of Student Conduct and Community Standards to determine if there is sufficient information to proceed with an allegation of a violation of the Student (Organization) Conduct Code.

Notice and Information Session

Both the complainant and the respondent will be given adequate notice of a respondent’s alleged violations of the Student (Organization) Conduct Code and will have the
opportunity to voluntarily participate in an information session where they can review all materials related to the case, receive written instruction regarding the student conduct process and their rights, and discuss options for resolution.

Adequate notice includes:

- Sufficient detail to allow the party to prepare a response. Including, source of the information, description of the alleged behavior(s), and specific alleged code violation(s)
- Date, time, and location of the information session.
- Notice that a student may waive the information session and advance directly to a formal hearing process by submitting notification in writing within two (2) business days after the sending of the notice of alleged violation(s).

Resolution

The default process for resolution is a hearing process where the respondent, and complainant when applicable, may present information on their behalf, respond to all relevant information presented, and question any participating witnesses for the hearing body's consideration. University student conduct proceedings may be held in instances involving sexual misconduct even when criminal charges are not filed. In cases of Sexual Misconduct and Sex Discrimination allegations the hearing will be conducted by a single administrator.

After the involved parties have had the opportunity to participate in a hearing the hearing body will make a determination using a preponderance of information standard. "Preponderance of the Information" means that the information, as a whole, demonstrates it is more likely than not that the fact sought to be proved is true. Parties may also elect to submit an impact statement about the incident or the process for the hearing officer’s consideration in the event of a finding of responsibility for one or more violations. The outcome of the hearing including the finding, outcomes, and ability to appeal will be sent to both the complainant and the respondent simultaneously.

At the discretion of the Student Conduct Authority other options for resolution may be available to the parties including alternative resolution, no contest resolution, outcomes-only hearing.

- Alternative Resolution – Is a method of resolution where the complainant and respondent may agree to forego a student conduct process in favor of reaching a mutually agreed upon resolution. The University adopts the resolution in lieu of adjudicating the case, and failure to adhere to the agreed-upon resolution by any individual may result in further student conduct action.
- No Contest Resolution – Is a method of resolution where the respondent may accept responsibility and outcomes for an alleged violation of the Student (Organization) Conduct Code. This resolution is noted as a finding of responsibility and results in a student conduct record for the respondent.
- Outcomes Only Hearing – Is a method of resolution that the Student Conduct Authority may determine is appropriate in cases where the respondent has been found guilty or at fault in a criminal or civil court based on a preponderance of evidence standard or higher. The complainant and respondent may also submit impact statements for this process.

Outcomes

Students found responsible for violations of sexual misconduct will be assigned an outcome according to the options outlined in the Student Conduct Code. This can include, but is not limited to disciplinary probation, suspension, or expulsion from the University. Complete information on the University student conduct process can be found in the Student Conduct Code.

Outcomes are interim action(s) or final status or education assignments that alone or in any combination are assigned to a student as an interim health or safety measure or as a final outcome at the conclusion of a resolution process.

Status Outcomes:
The outcomes listed below are not intended to serve as an exhaustive list of all outcomes the University may be able to utilize regarding a given student conduct concern.

- Written Reprimand. A notice in writing to the student that the student is violating or has violated University expectations for behavior and that further violations may result in more severe disciplinary action.
- Housing Probation. This status is assigned to a student for a specified period of time. While on this status, any further violation(s) may result in termination or reassignment of housing. In addition, this status constitutes a disciplinary record that will remain on file with the Student Conduct Authority in a manner consistent with University records retention policies.
- Termination or reassignment of housing. Removal or reassignment of an individual in University housing after a specific date and for a specified period of time. If removed, the student may be restricted from entering all University residence halls. This status constitutes a disciplinary record that will remain on file with the Student Conduct Authority in a manner consistent with University records retention policies.
- Disciplinary Probation. This status is assigned to a student for a specified period of time. While on this status, any further violations may result in suspension or expulsion from the University. Other restrictions that may be placed upon a student on disciplinary probation include, but are not limited to: participation in University or student activities, representation of the University on athletic teams or in other leadership positions, entrance into University facilities or campus areas, or contact with any specified individual(s). In addition, this status constitutes a disciplinary record that will remain on file with the Office
of Rights and Responsibilities, in a manner consistent with University records retention policies.

- Suspension. Separation from the University after a specific date and for a specified period. Through the duration of the suspension period, the individual may be restricted from University property and may be required to provide prior notice and receive approval from the Student Conduct Authority for the purpose of conducting University business. Before a student may be readmitted to the University after a designated period of time, that person must meet with the Department of Student Support and Transitions to show satisfactory completion of any assigned directives or to discuss stipulated conditions set for their return to the University. In addition, this status constitutes a disciplinary record that will remain on file with the Office of Student Conduct and Community Standards indefinitely. The University will withdraw the student from any current courses and cancel any future enrollment. Whether an individual is eligible for a refund upon withdrawal or cancellation is dependent upon the University's refund schedule. Depending on the length of the suspension, a suspended student may be subject to University policies and requirements regarding readmission. If a student is required to apply for readmission, readmission is not guaranteed after a period of suspension is served; and the student is responsible for communicating with the Office of Admissions to identify appropriate process(es) for re-entry at the expiration of the suspension period and when any terms of suspension or other outcomes are satisfied.

- Expulsion. Separation from the University without the possibility of readmission. The University will withdraw the student from any current courses and cancel any future enrollment. Whether an individual is eligible for a refund upon withdrawal or cancellation is dependent upon the University's refund schedule. Depending on the length of the suspension, a suspended student may be subject to University policies and requirements regarding readmission. If a student is required to apply for readmission, readmission is not guaranteed after a period of suspension is served; and the student is responsible for communicating with the Office of Admissions to identify appropriate process(es) for re-entry at the expiration of the suspension period and when any terms of suspension or other outcomes are satisfied.

- Degree Withdrawal or Revocation. A degree may be withdrawn or revoked when a student has graduated, and an incident occurred before graduation in the following circumstances:
  » The student has a pending conduct hearing that was scheduled before or as the student graduated; or
  » At any time after the student has graduated or received a degree, the University becomes aware of an incident involving an alleged violation of this Code that took place before the student graduated or received a degree from the University.
  » The student will receive the degree once the matter is resolved and any outcomes (when applicable) are completed unless the outcome is expulsion, in which case the degree may be revoked.

**Education Outcomes:**
- Service Hours. Completion of service under the supervision of a University department or outside agency.
- Discretionary outcomes. Work assignments, essays, presentations, research projects, conduct contracts, or other discretionary assignments.
- Master Education Plan. Develop a master education plan with the aid of the Student Conduct Authority and assigned mentor with continuous evaluation and support for a specified period of time.
- Counseling Assessment. Referral for assessment at Counseling and Psychological Services for alcohol/drug concerns, general mental health, or other wellness concerns.

**Administrative Directive Outcomes:**
- Restitution. Compensation for loss, damage, or injury to University property. This may take the form of appropriate service, monetary, or material replacement.
- No contact directive/extension of existing no contact directive. A no contact directive is an official University directive that serves as notice to an individual that they must not have physical contact with or proximity to, or direct verbal, electronic, written, and/or indirect communication intentionally made through another individual for a specified period of time. This may be a new directive, extension of an existing directive, or include altered or additional parameters or instructions to an existing directive. No contact directives may only be removed prior to the specified period of time at the discretion of the Student Conduct Authority and at the written request of all involved individuals.
- Loss of privilege. Denial of any specified privilege for a specified period of time. Examples include, but are not limited to: guest privileges, restriction from a University event or program, or restriction from an area or building.
- Family/Guardian notification. Notification may be sent to parents or guardians of a student who is under 18 years of age, or financially dependent on their parents or guardians, depending on the circumstances surrounding the incident. Parents or guardians may also be notified of alcohol and other Drug incidents for students under 21 years of age, regardless of financial dependency or resulting outcome.
- Behavioral Plan. This is a directive to the student from the Student Conduct Authority and/or in consultation with another appropriate office (including, but not limited to Housing, Title IX, etc.) which outlines expected behaviors to aid in a student's success.
Alternative Resolution Agreement Outcomes:
- Any individual or combination of outcomes listed in the education outcomes section of this policy.
- Administrative directive outcomes including, but not limited to restitution, no contact directive or extension of existing no contact directive, loss of privilege and behavior plan as defined in the administrative directives outcomes section of this policy.
- Voluntary time away from the University for a specified period of time.

Appeals
Both the complainant and the respondent have the ability to submit a written appeal to the Department of Student Conduct and Community Standards within five (5) business days of the decision letter from a hearing process. The appeal is limited to the appeal grounds outlined in the Student Conduct Code.

The University will, upon written request, disclose to a complainant of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University. In cases where the complainant is deceased as result of such crime or offense, the next of kin of the individual shall be treated as the complainant.

The University will provide both the complainant and the respondent written notification of the result of any disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault or stalking. In these cases, it is not necessary for a complainant to make a written request.

Training
Every academic year, the Department of Student Conduct and Community Standards trains new student undergraduate conduct board members, faculty, and staff to hear student conduct code cases. The training includes an overview of the student conduct process and the rights and responsibilities afforded to involved parties. The training also includes effective questioning techniques, determining relevancy, assessing standard of evidence, the assignment of outcomes and how to appropriately adjudicate a case.

In addition, separate large trainings are conducted as needed (when pool of trained members has lessened) regarding cases involving sexual misconduct. This training involves presentations from the Victim Advocate Program, Ethics and Compliance Office, General Counsel and the Title IX Office. The training includes an overview on trauma informed practices and how to serve impartially. Trainings are conducted for faculty and staff members who are serving as advisors and hearing administrators.

SEX OFFENDER REGISTRATION - CAMPUS SEX CRIMES PREVENTION ACT

The Federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders/predators may be obtained. The act also requires registered sex offenders/predators to contact the appropriate state officials and provide notice of each higher education institution in that state at which the offender/predator is employed, carries on a vocation, volunteers or is a student. Specific information regarding convicted and released sexual offenders and predators in the community including those reported as being associated with a specific university/campus may be obtained by accessing the FSU Police Department’s web page at police.fsu.edu and clicking on the sexual predator link to the Florida Department of Law Enforcement, or you may directly access the FDLE web page at: offender.fdle.state.fl.us/offender/sops/home.jsf
NOTIFICATION OF MISSING STUDENTS

These policies and procedures are intended to ensure compliance with the Department of Education’s missing student notification regulations for students who reside in on-campus housing.

POLICY: In addition to registering an emergency contact with the institution, students residing in on-campus housing have the option to identify an individual to be contacted by FSU in the event the student is determined to be missing. Missing student contact information will be registered confidentially, and the information will be accessible only to authorized campus officials. Missing student contact information may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation. A student may register one or more individuals to be a contact strictly for missing person purposes. The contact person can be anyone. Students will be given this option even if they have already identified a general emergency contact. A student may identify the same individual for both purposes, but FSU may not assume that a general emergency contact is also the missing person contact. Students are offered the option to register a missing person contact annually regardless of whether they chose to register a contact the previous year. When students move into on-campus student housing mid-year, they are offered the option to register missing person contact information at that time as well. Any on-campus resident may register missing person contact information by signing-in to their Housing portal and updating their missing person contact information.

PROCEDURES FOR MISSING STUDENTS: If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify the Florida State University Police Department (“FSUPD”) at (850) 644-1234. Any missing student report received by FSU will be immediately referred to FSUPD for investigation, unless FSUPD made the determination that the student is missing. If a student has identified an individual in accordance with the policy above, FSUPD will notify that individual no later than 24 hours after the student is determined to be missing.

After investigating the missing person report, should FSUPD determine that the student is missing, the FSUPD shall, within 2 hours after receipt of the report, transmit the report for inclusion within the Florida Crime Information Center and the National Crime Information Center databases. The information is also relayed to other local and surrounding law enforcement agencies. If the missing student is under the age of 18 and is not an emancipated individual, FSUPD is required to notify the student’s parent or legal guardian immediately in addition to notifying any additional contact person designated by the student after FSUPD has determined the student is missing.

CRITICAL INCIDENT RESPONSE

The Florida State University Police Department trains for emergencies on campus whether based on natural occurrences or of a man-made origin. The police department is keenly aware of community concerns regarding incidents such as the one impacting our ACC sister university, Virginia Tech. In this light, the following synopsis is provided for students, parents, and employees about FSU’s ability to respond to such emergencies:

Campus Partnerships and Outreach
Prevention: The FSU Police Department engages and participates in a number of prevention initiatives.

- Student Situations Resolution Team – Campus officials regularly meet to discuss concerns involving students who may need intervention services offered by the University.
- Threat Assessment Team (TAT) – Similar to the Student Situations Resolution Team but focused on employee-based issues.
- Public Safety Meetings
- Continuous communication with the Department of Student Support and Transitions Office and Student Conduct and Community Standards.

- Daily Report Sharing Process with FSU Departments
- Greek COPP and Adopt-A-COPP Initiative – Officers assigned to specific Greek organizations and residence halls to increase rapport and communication between law enforcement and students.
- Data Sharing Project with the County Jail System
- Welfare Checks on Students
- Training and Best Practices – Officers participate in more than 5 times the in-service training as required by Florida standards.
- Partnerships with Students Regarding Safety – FSUPD regularly partners with student organizations for joint crime prevention programming, such as “Campus Safety Walk”.
- Emergency Management Team/Emergency Operations Center – FSU has a team of over 150 personnel from 50 different departments prepared to respond to and recover from emergencies.
- Emergency Management Coordinator – FSU employs a full-time emergency management professional.
• FSU ALERT Emergency Notification System - FSU has up to 37 methods of delivery to communicate emergency warning, notification, and information.
• Hazardous Weather Awareness Week – Annual hazardous weather awareness campaign
• Emergency Preparedness Week – multi-hazard educational outreach and awareness campaign
• Mutual Aid with the City and County (in addition to training conducted) – Jurisdictional crossover to enhance services to students off campus.

These represent a few of the many programs and initiatives either in place or under development at FSU. The police department practices a policy of continual analysis and improvement concerning prevention and response to critical incidents.

THE ACTIVE SHOOTER

Florida State University Police Officers receive frequent, realism-based training concerning the response to an “active shooter”, that is, a person actively shooting at and harming persons on campus. The FSU Police Department trains to quickly engage and eliminate the threat.

An “active shooter” is an individual who is engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms(s) and there is no pattern or method to their selection of victims. Victims are selected at random. This type of event is unpredictable and evolves quickly, knowing what to do can save lives.

When an Active Shooter is in your vicinity, you must be prepared both mentally and physically to deal with the situation. If YOU are in the area of an Active Shooter...

RUN
• Have an escape route and plan in mind
• Leave your belongings behind
• Evacuate regardless of whether others agree to follow
• Help others escape, if possible
• Do not attempt to move the wounded
• Prevent others from entering an area where the active shooter may be
• Keep your hands visible
• Call 911 when you are safe

HIDE
• Hide in an area out of the shooter’s view
• Lock door or block entry to your hiding place
• Silence your cell phone (including vibrate mode) and remain quiet
• Remain Quiet and out of sight (if possible)
• Turn off all lights in the location
• Improvise a way to secure all doors

FIGHT
• Fight as a last resort and only when your life is in imminent danger
• Attempt to incapacitate the shooter
• Act with as much physical aggression as possible
• Improvise weapons or throw items at the active shooter
• Commit to your actions . . . your life depends on it

Policies described in this section are authorized by Section 790.115, Florida Statutes. In accordance with Section 790.33, Florida Statutes, nothing in this section is intended to prohibit or regulate the lawful possession of a weapon or firearm as defined in Section 790.001, Florida Statutes, except as permitted by law.
Overview
The Higher Education Opportunity Act (HEOA) specifies new campus safety requirements regarding fire safety issues for all title IV institutions that maintain on-campus student housing facilities. These disclosures are a subset to the overall Annual Security report prepared by the institution. In summary this act requires all college/university campuses nationwide to make public their fire safety information, statistics and all fire-related events to students and their families. This public disclosure is intended to inform current and prospective students of the fire safety programs and policies in place, and the institution’s state of readiness to detect and respond appropriately to fire related emergencies.

General Statement of University owned/controlled student housing
The Florida State University operates twenty-three traditional Student Residence Halls on-campus and indirectly an additional eight non-traditional apartment style fraternity residences and three traditional fraternity houses at Heritage Grove. All on-campus Residence halls are protected throughout with complete supervised fire alarm systems which are monitored 24 hours/day, seven days/week by the University Police Department. All of the buildings at Heritage Grove, with the exception of eight (8) town houses are protected throughout with complete supervised fire alarm systems which are monitored 24 hours/day, seven days/week by a private company. In addition, twenty-two of the facilities are fully protected with integrated automatic sprinkler systems. All buildings contain portable fire extinguishers and are provided with emergency power systems that are designed to automatically activate whenever there is a power loss. These backup power sources support the facilities life safety systems including all fire safety equipment, sprinkler systems, hallway lighting, emergency exit doors, and lighting in all emergency exit stairwells.

At Florida State University all Residence Hall staff receives comprehensive fire safety training at the beginning of each academic year. In addition, a quality control program that covers emergency and evacuation procedures is reviewed regularly with the occupants and staff of each respective residence hall. A copy of the Residence Halls Safety and Security Brochure, which includes information on fire safety and what appropriate action to take during a fire alarm or fire emergency, is available online. In addition, every student room has emergency evacuation maps installed on the inside of the front door to direct occupants to primary and secondary exits. Finally, planned fire drills, coordinated with the University Police, EH&S Fire Safety Personal, General Housing and the Residence Halls Staff are conducted at the beginning of each semester that a facility is to be occupied.

All fires should be reported to the FSU Police Department at (850) 644-1234. If it is an emergency dial 9•1•1.

Specific Fire Prevention Related Policies
It is the policy (4-OP-G-8) of the University to protect faculty, staff, students, visitors, contractors, property, and assets of Florida State University (FSU) while providing the safest possible environment, free from potential fire hazards. The primary goal of the University’s Fire Prevention Program is to recognize hazardous conditions and take appropriate action before such conditions result in a fire emergency. This goal is accomplished by (1) conducting periodic fire safety inspections of all University buildings, (2) increasing the fire safety awareness of employees and students by conducting periodic training on basic fire safety. This training is provided by FSU Fire Safety to FSU employees and students. It emphasizes the importance of fire prevention and fire safety on campus. The training informs participants about emergency notifications, fire drills, fire suppression systems & alarms, and building occupant safety. The training includes hands on fire extinguisher usage and awareness level extinguisher training. Fire Safety conducts fire drills in all Student Housing on FSU campus every semester in conjunction with fire safety training.

Annual fire safety inspections of all University facilities are conducted by the Division of the State Fire Marshal, the Authority having Jurisdiction (AHJ) for all properties assigned to Florida State University. A copy of the completed Fire Inspection Report for each building is forwarded to the Department responsible for maintaining fire safety compliance of that building. The responsible department is expected to correct any deficiencies and notify the AHJ by returning a copy of the report indicating the date (as determined by the AHJ) when each deficiency was corrected. The AHJ may conduct a follow up inspection to verify correction of all deficiencies once notification has been received. Copies of all completed Fire Inspection Reports are maintained by EHS.

To minimize the potential for fires at Florida State University, it is the Policy of the University to prohibit open burning and the use of combustible decorations at all times (unless in accordance with other University policies and procedures, and or authorized by the authority having jurisdiction). Open burning as defined by the University is any open/exposed
flame or combustion that produces heat, light or smoke, and has the potential to cause a fire. Examples of open burning are, but not limited to, candles, incense, bonfires, campfires, barbecue grills and their related accessories such as gasoline, propane, lighter fluid, charcoal; and pyrotechnics. The Fire Safety policy program also prohibits the use of the following items in any University owned or operated facility indoors (unless in accordance with other University policies and procedures, and or by the Authority Having Jurisdiction): Portable space heaters, barbecue grills, hibachis, smokers (gas, electric, charcoal) and related accessories including lighter fluids and lighters, and other similar type products (for cooking/ warming purposes), any open flame device or object including candles, incense sticks and related accessories, hot plates, slow cookers, deep fryers, electric skillets, electric woks, griddles, sandwich makers/grills and other similar type products (for cooking/warming purposes), flammable/combustible liquids (for recreational/personal use), fireworks, firecrackers, rockets, flares, sparklers and other devices, halogen lamps, ceiling/ wall tapestries, live Holiday trees or non-fire retardant artificial Holiday trees. Exceptions: (1) Portable Space Heaters are allowed for the Animal Research facilities for the comfort and wellbeing of the research animals under its care, (2) Approved Portable Space Heaters as authorized by the Environmental Health & Safety and the University Facilities Departments, will be allowed for employees/students with diagnosable medical conditions as determined by licensed health-care professionals with such documentation kept on file at the University’s Human Resources or Student Affairs divisions, (3) The “cooking” and “warming” options exclude cooking and warming done in areas designed and built for such purposes and only while the use of these devices are under the direct supervision of qualified personnel such as catering staff and certified food preparers.

The University policy on portable electrical appliances, smoking and open flames in an on-campus student housing facility is addressed in the University Housing Guide to Residence Living and is detailed below. A full version of the guide is available at the link below: housing.fsu.edu/_documents/Guide-to-Residence-Living.pdf

Fire Safety in Residence Halls
During fire alarms, residents may not use elevators and should use the nearest stairway to leave the building. Evacuation drills held at least once per semester, help familiarize residents with procedures to evacuate the building safely. Recommended evacuation routes are provided through stickers on the back of each room/apartment door. Always leave the building when you hear the fire alarm. Do not tamper with fire equipment such as extinguishers, hoses, and alarm pull stations or disable or cover smoke detectors. Intentionally activating a false fire alarm is a violation of State Law 806.101 and the FSU Student Code of Conduct. Anyone who activates a false alarm is subject to disciplinary action as well as criminal prosecution. At no time may anything be hung from sprinkler system pipes or sprinkler heads. Damage to this system could cause damage to personal belongings and to residence hall property. Candles, even for decorative purposes, are prohibited in all University residence halls.

Cooking and Appliances in Residence Halls
Due to fire safety and electrical concerns, appliances over 700 watts are not allowed for use in student rooms. Microwaves and cooking facilities are available throughout the halls in provided kitchen facilities. Microwaves, coffee makers and popcorn machines over 700 watts are not allowed in student rooms at any time. Other appliances with an open element, such as toasters or toaster ovens, may not be used in student rooms. They may be unplugged and stored in the room for use in the kitchen facilities only. Similarly, clean George Foreman grills, hot pots, rice cookers and other “heated element” type cooking devices may also be stored unplugged in rooms and only used in the kitchen facilities. If you ever have a question about what appliances may be used in a room, please ask a staff member.

Data on Fire Equipment and Fire Drills at Residence Halls on FSU Main Campus was provided by FSU Environmental Health & Safety

*Heritage Grove is in general apartment style housing for officially recognized campus fraternities. The ground the buildings are built on is owned by the University. The buildings were built with alternate funds and the day to day management is contracted to an outside management firm. Because the University encourages this facility as recognized fraternity housing and encourages students to live there and because of the direct tie to main campus via a heavily traveled bicycle and pedestrian trail, it is counted under main campus and as residential housing. But, because it is managed daily as an apartment complex, routine fire drills are not conducted as they would be for traditional on campus residential housing.

**Phi Delta Theta has a non-traditional layout as compared to the other fraternity houses at Heritage Grove. This house is made up of fourteen townhouses at the front with a large chapter house and residence building at the rear. The town houses are built to regular residential construction standards. The chapter house and institutional style house in the rear building have the standard commercial fire protection measures in place. The town houses have common residential smoke detectors and fire extinguishers. "Yes** in the table above only applies to the chapter house and not the town houses.
### Explanation of Other, Unknown and Intentional:

1. *Burnt toilet paper roll was in the trash chute in Magnolia Hall. No fire was observed.
2. *Boxes were being stored in front of and on top of a stove in Degraff Hall East. The control knob for the stove was accidentally activated.

### Damages Related to Fire in On Campus Housing Facilities:
