Additional Information on Public Property: public property can be difficult to define. It is important to obtain as much information as possible on the location of the offense when it occurs outdoors. Did it occur in a parking lot or on a sidewalk? If so, give specific locations, i.e. the name of the parking lot or what street(s) border it. What side of the street was the sidewalk or parking lot on? etc.

Not sure about the location? If you are not sure whether or not the reported crime falls within the universities Clery geography, report it. If you have no location you can enter UK. It is important to know if the UK location was on or off campus. If this can be determined please include it.
